FLORISTS AND DEALERS.

GEO. S. CONOVER.
Our New Early Blooming, Yellow
CHRYSANTHEMUM.

ANEMONE WHIRLWIND.

(*Anemone Japonica Alba, fl. pl.*)

New Double Flowering White Anemone.

It is with considerable pride that we announce to the *Floral World* that we are the disseminators of this *superb and valuable novelty*. Not often is such a rare and valuable acquisition added to our list of hardy herbaceous plants, and especially one which has so many valuable characteristics. Like the Anemone Alba from which it is a sport, the blooming season is in the Autumn, then, it is, that the great value of our Anemone Whirlwind becomes apparent, as all flowers are very scarce at this season, especially white flowers, therefore, this variety will prove to be indispensable to florists, on account of its wonderful adaptability for use in all floral and ornamental designs.

The flowers are about 2½ inches in diameter, pure snowy white, of good substance and very handsomely formed, having several rows of petals.

The plant makes a strong healthy growth, is well covered with foliage, and in this variety has proved to be even more hardy than its parent; this we consider another great point in its favor.

Having made a special effort to grow an immense stock of this superb novelty, we are enabled to offer it at a price within the reach of all. We therefore trust all our friends will give it a trial.

Price, per dozen, $1.50; hundred, $12.00; thousand, $100.00.

NEW PINK, HER MAJESTY.

PINK, HER MAJESTY.

Every Florist should secure a stock of this wonderful novelty at once.

It is perfectly hardy, and will be grown by the thousand to supply the demand for cut-flowers.

The flowers are of large size, similar to a Carnation, and of the purest white, very fragrant and borne on stems about 12 inches long.

Her Majesty has been awarded 9 first-class certificates in Europe.

Price, per doz., $1.00; hundred, $8.00.

GERANIUM—SILVER JEWEL.

GERANIUM—SILVER JEWEL.

A rare, beautiful and unique novelty, which is sure to become very popular on account of its great beauty, good habit, and striking contrast between foliage and flowers.

For bedding purposes, especially borders, it is one of the most showy plants which can be used, as the foliage is more beautiful than Bijou, the plant more dwarf and compact in habit, while in addition to this we have large clusters of crimson scarlet flowers, with each floret, as double and perfect as a rose bud. The leaves are a rich green, with a heavy white border.

Not in many years has there been such a valuable addition to this popular and useful class of plants. Silver Jewel is not only of great value as a novelty, but its usefulness as a border plant is unsurpassed.

Price, per dozen, $1.75; hundred, $12.00.

CARNATION DAYBREAK.

This is one of the most popular Carnations grown to-day, for the retail trade. The color is a beautiful delicate pink; flowers large and on long stems.

Daybreak is entirely distinct from any Carnation grown, and is the ladies' favorite.

Rooted Cuttings, per dozen, 35 cts.; hundred, $2.00; thousand, $15.00.
Plants, per dozen, 60 cts.; hundred, $4.00; thousand, $35.00.

CARNATION EDNA CRAIG.

We consider this one of the finest Carnations of recent introduction. The flowers are beautiful in form, and of a most pleasing shade of soft light pink. A very desirable color and one that is always in great demand.

The plant is a splendid grower, and produces its flowers on long stiff stems.

Edna Craig should be in every collection.

Rooted Cuttings, per dozen, 50 cts.; hundred, $3.00; thousand, $25.00.
Plants, per dozen, 85 cts.; hundred, $6.00; thousand, $50.00.

CARNATION NELLIE LEWIS.

It is now an established fact that *Nellie Lewis* is one of the most beautiful Carnations in cultivation, and with us is *The Standard Pink* variety.

The color is all that can be desired, being of the most *Brilliant Pink* with light splashes of carmine, which adds greatly to the intensity of color, and yet are hardly discernable.

The plant is a very strong vigorous grower, unsurpassed in freedom of bloom, delightfully fragrant, and has no equal for producing flowers on long stiff stems.

Rooted Cuttings, per dozen, 25 cts.; hundred, $1.50; thousand, $10.00.
Plants, per dozen, 60 cts.; hundred, $4.00; thousand, $30.00.

NEW CARNATION, FLORENCE EDDY.

This grand novelty is a sport from Nellie Lewis, and which we offer now for the first time.

To those who know the Nellie Lewis, we need only to say that we have a repetition of the excellent qualities of that superb variety, with a decided change in the color of the flower. Need we say more? In color it is a beautiful shade of rose, remarkably showy and attractive, and in every respect is a first-class Carnation.

Rooted Cuttings, per dozen, 75 cts.; hundred, $5.00; thousand, $45.00.
Plants, per dozen, $1.50; hundred, $10.00; thousand, $80.00.

CARNATION SENTINEL.

A splendid variety with large showy, velvety scarlet flowers that are very full and well rounded.

The plant is a strong grower, the stems stiff, and the calyx of the flower remarkable for its tenacity.

Rooted Cuttings, per dozen, 50 cts.; hundred, $3.00; thousand, $25.00.
Plants, per dozen, $1.00; hundred, $8.00; thousand, $70.00.

Captaine P. de Suzzoni. The best of the spotted varieties. The flowers are a rich shade of canary yellow, beautifully spotted and dashed with a handsome shade of red. Foliage light green	3 25	25 00

NEW SEEDLING CHRYSANTHEMUM.

GEORGE S. CONOVER.

We now offer for the first time, our grand new *earliest of all yellow* Chrysanthemum. In the Geo. S. Conover, we have the wonderful combination of a first-class large flowering and early blooming yellow Chrysanthemum which has long been the want of the professional florist. This variety blooms at the same time as "Ivory" and the flowers, under ordinary cultivation, attain a size of from 6 to 7 inches in diameter.

The color is a beautiful shade of brilliant yellow, the petals firm, partly tubular and partly flat, which adds greatly to the beauty of the flower. The plant is an extra strong grower, producing very long stiff flower stems, which are well furnished with a dark showy foliage.

E. R. Fry, florist of this city, says of this Chrysanthemum: "I can hardly say enough in praise of the Geo. S. Conover, a seedling by Vick & Hill."

Mr. Fry handled our entire stock of flowers of this variety, and sold thousands of cut blooms of it the past season.

Strong plants, per doz. $2.50; per hundred, $20.00.

NEW CHRYSANTHEMUMS.

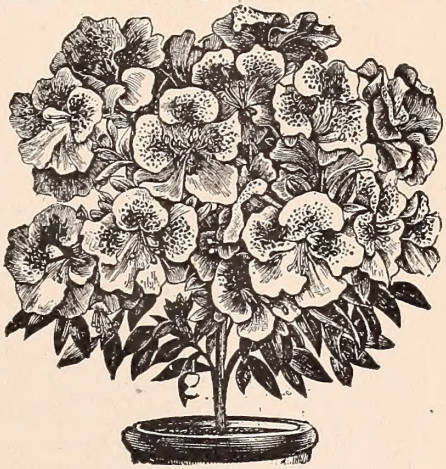
Alice C. Brewster. A very beautiful variety with large attractive flowers, which on opening, are delicately shaded with lilac pink, but gradually change to pure white, as they more fully expand. The novel color of the flower and splendid habit of the plant, should make this variety a general faverite	1 75	12 00
Miss Kate Brown. A very promising early white blooming sort. Flowers large, petals broad and nicely incurved	1 75	12 00

AZALEAS.—For Easter.



The Azaleas we offer are very strong and have full, well-developed heads.

1st size, 12 to 15 inches high, with crowns 15 to 18 inches in diameter, each 75 cents; per dozen, $8.00.

2nd size, 10 to 12 inches high, crowns, 9 to 12 inches in diameter, each 45 cents; per dozen, $5.00.

Fuchsia Trailing Queen.

New Fuchsia Trailing Queen.

This new and entirely distinct variety will prove of great value, because of its distinct trailing habit. The plant is a very robust grower, and sends out strong, trailing vines. which will droop two or three feet in a very short time.

It branches freely and as the growth continues downward, these branches furnish an abundance of bright, rosy-scarlet flowers. The flowers are borne in clusters, are very large, long and graceful; buds, tube and sepals a bright rosy scarlet, while the corolla is of a rich violet-purple.

In all work, such as window boxes, hanging baskets, etc., this Fuchsia will be found invaluable, as the bright, showy flowers will greatly enliven and relieve the usual mass of dull foliage.

Per dozen, 75 cts; per hundred, $5.00.

CLEMATIS.

We have an immense stock of these beautiful hardy climbers.
